Read what our customers say . . .

"It was the first time we ever used an exterminator. Service was prompt, fast, safe and they were thorough. What surprised me was their low rates and no one tried to sell me any contracts. I now have them come every year and we are pest free." SJM, Vandergrift

"When I needed preventative pest control I was concerned about safety with a 3-year old child that has pre-existing health conditions and our pets at home. The first question I asked was if the products used were eco-friendly and safe for child and pet exposure. We continue to be very pleased with his environmentally friendly products that are safe for our home. I highly recommend Armstrong Bug & Animal Control." KC, Chicora, PA

"I highly recommend Randy Smith of Armstrong Animal and Bug Control for all your pest control needs. I have had the usual pest problems (wasps, bees, mice, and snakes) over the years. I've tried other "franchise" pest control people with little success. I've been with Randy Smith for 5 years now and find him to be very professional, knowledgeable, affordable, and friendly. He takes care of my house twice a year and I have definitely noticed a difference. My wife and I sleep better knowing that Randy is on the job." Dr. MPM, Upper Burrell

What Realtors are saying ...

*"I highly recommend Randy Smith" Gary L. Altman, Altman Real Estate Agency
"They are highly recommended by us here at Denardo Realty" Parks S. Denardo Jr.
"I truly recommend Randy and his company" Don Powell, Powell & Associates R.E.*

"We protect your home and family"
